I colori e le caratteristiche estetiche dei materiali illustrati nel presente catalogo sono da ritenersi puramente indicativi. Le tabelle con i dati riferiti ai contenuti per scatole ed ai pesi degli imballi sono aggiornate al momento della stampa del catalogo, pertanto i dati elencati possono subire variazioni. Il nostro personale di vendita è a vostra disposizione per dettagli e chiarimenti sui nostri prodotti. Consigliamo l'uso di prodotti FILA per la pulizia dei nostri prodotti (www.filachim.com).

AVVERTENZE

Una corretta posa in opera, seguendo alcune semplici regole, garantirà un perfetto risultato finale:

- controllare la planarità delle pareti da rivestire o del massetto su cui posare le piastrelle da pavimento
- posare il prodotto miscelando il materiale prelevandolo da più scatole
- maneggiare con cura il prodotto prima e durante la posa
- per una migliore resa estetica utilizzare stuccature colorate in tinta con le piastrelle

Per nessun motivo saranno accolte contestazioni su materiale posato per danni visibili prima della posa.

I listelli decorativi per il gres porcellanato sono realizzati da pressa e soggetti a leggere variazioni di calibro. Prima di eseguire la posa si consiglia di allinearli al prodotto da abbinare per stabilire le dimensioni della fuga da utilizzare per neutralizzare eventuali scalibrature. In alternativa suggeriamo di valutare una posa "sfalsata" che si ottiene partendo a 2/3 rispetto ai lati di allineamento.

Casabella si riserva di apportare modifiche senza preavviso ai prodotti declinando ogni responsabilità per danni diretti o indiretti derivanti da eventuali modifiche.

Colours and esthetical features of the materials as illustrated in this catalogue are to be regarded as mere indications. The tables containing the details of the content per box and the weight of packing are updated at the time the catalogue is printed; therefore the listed data may change. Our sales department is at your disposal for any question you may have concerning our products. For cleanliness and maintenance of our products we recommend FILA products (www.filachim.com).

ADVICE

A properly performed laying, following a few simple rules, will ensure a perfect finished result:

- check that the wall or floor slab onto which you will be laying the tiles is perfectly flat
- pick material at random from different boxes while laying
- handle the product with care before and during laying
- for better aesthetic results, use coloured grouts to match the tiles

Claims on items which have already been laid won't be accepted, for any reason for any damage visible before laying.

The decorative strips for porcelain tile are made on the press and subject to slight variations in caliber. Before laying, we recommend to align the product with which they are to be combined in order to establish the size of the grouting gap to neutralize any differences in gauges. Alternatively, you could lay "offset" by starting 2/3 from the alignment sides.

Casabella reserves the right to modify the mentioned products without notice, declining all responsibility on direct or indirect damages caused by eventual modification.

Les couleurs et les caractéristiques esthétiques des matériaux illustrés dans ce catalogue sont à considérer exclusivement comme approximative. Les tableaux avec les détails des contenus par boîte et le poids des emballages sont mis à jours du moment du tirage du catalogue, et pourtant les donnés peuvent subir des changements. Notre personnel de vente est à votre disposition pour tous renseignements et éclaircissements concernant nos produits. Pour le nettoyage de nos carrelages, nous conseillons l'utilisation des produits FILA (www.filachim.com).

INSTRUCTIONS

Une pose en oeuvre correcte, en suivant quelques règles simples, garantira un parfait résultat final:

- contrôler la planitude des murs à revêtir ou du ravoilage sur lequel poser les carreaux de sol
- poser le produit en mélangeant le matériel en le prélevant de plusieurs boîtes
- manier avec soin le produit avant et pendant la pose
- Pour une meilleure esthétique utiliser joints colorés en teinte avec la couleur des carreaux.

Pour aucun motif, des contestations pour du matériel posé avec des dommages visibles avant la pose ne viendront acceptées.

Les listels de décoration pour le grès cérame sont réalisés par la presse et susceptibles à des variations de calibre. Avant d'exécuter la pose, il est conseillé de les aligner sur le produit à associer, afin d'établir les dimensions du joint à utiliser, en vue de neutraliser les variations éventuelles de calibrage. Dans l'alternative, nous conseillons d'évaluer une pose "décalée", que l'on obtient en partant à 2/3 par rapport aux côtés d'alignement.

Casabella se réserve d'apporter modifications aux produits sans préavis, en déclinant chaque responsabilité pour les dommages directs ou indirects dérivants des éventuelles modifications.

Die Farben und die ästhetischen Eigenschaften der in diesem Katalog illustrierten Materialien sind als rein annähernd zu betrachten. Die Tabellen mit den Details vom Packungsinhalt und Verpackungsgewicht sind im Moment des Katalogsdruckes aktualisiert worden, Änderungen vorbehalten. Unser Verkaufspersonal steht zu Ihrer Verfügung fuer jede Auskunft und Erklarung betreffend unserer Produkte. Fuer die Reinigung unserer Fliesen, empfehlen wir die Verwendung der FILA Produkte (www.filachim.com).

ANWEISUNGEN

Eine korrekte verlegung, folgend einiger einfacher Regeln, wird er ein perfektes Endergebnis gewährleisten:

- man muss die Ebenfächigkeit der Wände oder des Estrichs, auf den die Fliesen verlegt werden, kontrollieren
- die Produkte müssen aus unterschiedlichen Kartons, vermischt, verlegt werden
- das Material muss mit Sorgfalt behandelt werden
- um eine bessere Ästhetik zu erlangen, ist empfehlenswert gefärbten Kitt zu verwenden, der im Ton mit den Fliesen sein sollte.

Auf keinen Fall werden Beanstandungen auf verlegtes Material akzeptiert, für Schäden, welche bereits vor der Verlegung sichtbar waren bzw. generell nicht auf bereits verlegtes Material.

Die Dekorleisten für glasiertes Feinsteinzeug werden mit einer Presse hergestellt und sind leichten Maßabweichungen unterworfen. Vor der Verlegung raten wir, sie am Produkt auszurichten, mit dem sie verlegt werden sollen, um die Abmessungen der verwendeten Fuge zu bestimmen und eventuelle Maßschwankungen auszugleichen. Als alternative Lösung schlagen wir eine sogenannte „verschobene“ Verlegung vor, bei der man von 2/3 in Bezug auf die Ausrichtkanten beginnt.

Casabella behält sich vor, mögliche Änderungen zu den Produkten ohne Vorankündigung durchzuführen und lehnt jegliche Verantwortung ab für direkte oder indirekte Schäden, die sich aus eventuellen Änderungen ergeben.
